

# Tom Harrell Chamber Ensemble *Debussy and Ravel*

Debussy and Ravel transformed the world of music by creating a new sensibility of beauty of sound. Tom Harrell, a veteran jazz trumpeter, composer, arranger, and bandleader, will interpret the works of these two French composers with his **colorful 9-piece chamber jazz ensemble**, accentuating the true beauty of these impressionistic pieces. Described by Newsweek as “**pure melodic genius**,” Harrell has steadily garnered international acclaim over the forty-plus years of his career, including numerous Downbeat and Jazz Times magazines’ Critics and Readers Awards. He is widely regarded as one of the leading trumpeters in the world and as one of the most stylistically versatile and creative improvisers today.
